### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joan Pennington on 06/21/05.

The application has been amended as follows:

In claim 15, on line 1, delete, "product" and insert, -product embodied upon a computer-readable medium-.

The following is an examiner's statement of reasons for allowance: Claims 3-8, 10-13, and 15-18 are allowed as the prior art does not teach or suggest the applicant's invention. Claims 5, 10, and 15 teach a method and apparatus for implementing autonomous variations of a media dismount time in a media library. Regarding claim 5, the distinguishing elements of the claims teach periodically checking the gathered performance statistics to determine the change value needed for the media dismount time including identifying a first threshold number of input/output (I/O)-requests, and checking the gathered performance statistics to determine if an increase is needed for the media dismount time. Regarding claims 10 and 15, the distinguishing elements of the claims teach periodically checking the counts of media hits and media near misses to determine a change value needed for media dismount time includes the performance measurement media dismount time control program identifying a first threshold number of
